

LASER LJ/TJ MEASURING DEVICE

- Never have the triple jump finish after the 4 x 400 again!
- Simple point and click laser design improves accuracy
- Simply align the targeting laser with landing, push the button, and read the measurement
- Improved GREEN targeting laser for improved visibility on sunny days
- Measures in English or Metric units
- Rail is aluminum with sturdy steel wheeled bases

E73730 Laser LJ/Tj Measuring Device

\$3699

After aligning the targeting laser with the landing, simply push a button on the measuring laser and read the measurement.

DISTANCE MEASURING WHEELS

- Lightweight durable construction
- Wheel has rubber tread for accurate measurement on any surface
- Measures up to 10,000 units

977 English Units **\$119**

978 Metric Units **\$119**

ELECTRONIC MEASURING WHEEL

- Durable long-lasting steel frame
- Electronic 7-digit LCD readout is backlit for low light usage
- Patent-pending 'thumb-up' grip ensures less wrist strain and superior control

9701 Electronic Measuring Wheel **\$299**

DUAL XC MEASURING WHEEL / COURSE MARKER

- Measure and mark simultaneously
- Lightweight tool features a trigger under the pistol grip
- Trigger fires off a burst of upside-down spray paint (not included)
- Paints precisely where it is needed
- Measure and mark alone and work more quickly than 2 or 3 people with a tape measure and spray gun
- *English units only*

9702 **\$176**

NEW ETHERLYNX VISION™ CAMERA PACKAGES FROM LYNX

- **All packages contain everything you need.** Each package is a complete photofinish and timing solution for your track meets. All you add are the athletes and a computer!
- **All systems can run on any Windows computer** equipped with an Ethernet connection
- **All systems include the new FinishLynx EASYALIGN™ technology** that shows a full-frame video view of the finish line for fast and accurate camera placement
- **All systems take full color pictures** for easier athlete identification
- **All systems use power-over-Ethernet**, so no dedicated AC power is required at the camera location. A single Ethernet cable transfers all data AND provides camera power
- **All packages include LYNXPAD Meet Management software** - this integrates with multiple online meet entry websites, including Athletics.net and DirectAthletics.com

MEASURING EQUIPMENT & FINISHLYNX™

THE SCHOLASTIC SOLUTION

- 5L510 EtherLynx™ Camera
- 600 Standard Frame Rate
- 6mm fixed lens

INCLUDES:

All camera connection and power cables

Custom FinishLynx Carrying Case

Tech Support & 1-year renewable warranty

Camera Tripod and mounting hardware

FinishLynx Lite software with support for RadioLynx Wireless Start (E39916)

E39905 \$4999

THE BRONZE SOLUTION

- 5L500 Vision EtherLynx™ Camera
- 1000 Standard Frame Rate
- Manual Zoom lens

INCLUDES EVERYTHING FROM THE SCHOLASTIC SOLUTION, PLUS:

Full FinishLynx32 software with support for RadioLynx Wireless Start (E39916), Lynx Software Plug-in(s), multiple FinishLynx Cameras, IdentiLynx 2-D video camera, scoreboard interface for display of running time & results, and wind gauge interface for automatic wind reading data import

IMPACT TENTS

- Commercial grade steel frame
- 500 denier polyester canopy and walls
- Water, UV light, and fire resistant
- Roller bag: 600 denier polyester with scuff resistant and water proof finish
- Tent stake kit and dust coverbag included

HOW TO ORDER

Follow the four easy steps to order a customized tent with a la carte options: canopy size, wall combination, roller bag size and unique graphics.

STEP 1 CANOPY SIZE AND COLOR

Sizes 10' x 10' // 10' x 15' // 10' x 20'

Colors See tent colors chart above.

STEP 2 SIDE WALL COMBINATION

The most popular option is to keep a long side open:

Example A 10' x 15' tent is built of two 10' side walls and one 15' side wall, leaving one 15' section open.

STEP 3 ROLLER BAG

Your tent will look new, year after year, when stored in an appropriately sized roller bag.

Sizes 10' // 15' // 20'

STEP 4 GRAPHICS

Make your tent **pop** with a combination of school name and/or school logo.

Graphics One price covers 1 to 5 locations, per logo, per color.

To build the tent shown above, you would need one 10' x 15' tent canopy (Orange); two 10' side walls and one 15' side wall; and a custom 10" x 100" graphic in two locations.

TENT CANOPY

955210	10' x 10' Tent Canopy	\$659
955215	10' x 15' Tent Canopy	\$869
955220	10' x 20' Tent Canopy	\$1149

SIDE WALL

955210S	10' Solid Side Wall	\$129
955215S	15' Solid Side Wall	\$199

ROLLER BAG

955210B	10' Tent Roller Bag	\$87
955215B	15' Tent Roller Bag	\$119
955220B	20' Tent Roller Bag	\$129

CUSTOM GRAPHICS

Stand out from the crowd with custom screen printed graphics available in 1 to 5 locations! Tent graphic worksheet and vector graphics are all that is needed to show your team pride today! **Price covers 1 to 5 locations, per logo, per color.**

955201	Graphic 10" x 100"	\$349
955202	Graphic 40" x 60"	\$449
955203	Graphic 50" x 90"	\$599

ACCESSORIES

9552SK	Stake Kit	\$45

POWERMAX® SAND BAGS

Sand bag training adds instability to many common lifts and explosive throws.

- Leak proof inner bags hold 20 lb of sand securely (sand not included)
- Five strategically placed padded handles
- Pre-marked inner bags for easy weight measurement of sand filling

TA12241 Complete Sand Bag Set
Includes inner and outer bags, holds up to 80 lb **\$102**

WRIST STRAPS

USA Made wrist wraps offer the right amount of support for Olympic lifts, overhead work, and bench press. Use either the 12" or 24" length for support in an Olympic lift or if you require mobility. The 24" strap will provide stability and are appropriate for power lifting, shot put, or "strongman" work. **Sold in pairs.**

WE31912 12" Wrist Straps **\$17/pr**
WE31924 24" Wrist Straps **\$24/pr**

DIP BELT

- Durable steel chain holds weight to heavy ¾" top grade leather belt
- Padded back for added comfort
- **One size fits all**
- **Weights not included**

WE240 Dip Belt **\$125**

POWERMAX® FITNESS RINGS

- Package contains two durable Lexan® plastic Ø1.1" rings, two 19" straps with stainless hardware and a handy carrying bag
- 1¾" wide heavy-duty nylon web straps with leveling markings for quick adjustment

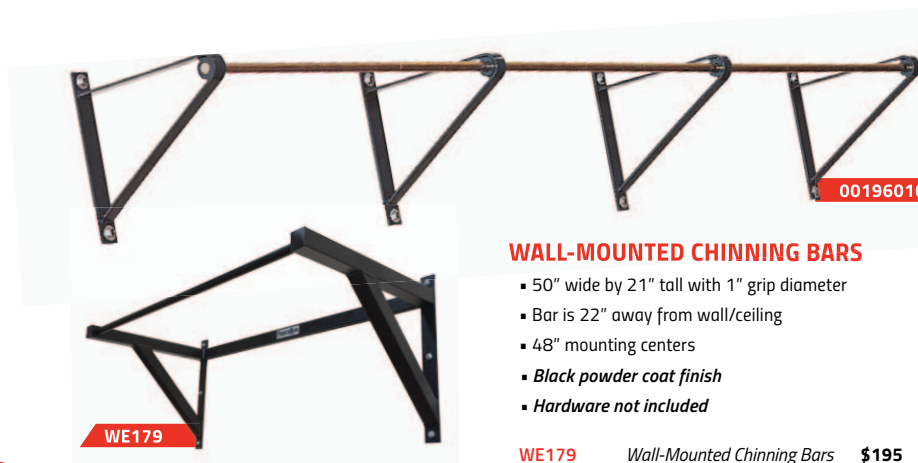

TA1598 Fitness Ring Package **\$100**

SMART HURDLE

Smart Hurdles have a three point base for superior stability on all surfaces, making drills safer. Smart Hurdles are durable, lightweight, and easy to carry.

TA18544 21-36" Adjustable Hurdle **\$86**
TA18545 27-42" Adjustable Hurdle **\$102**

WALL-MOUNTED CHINNING BARS

- 50" wide by 21" tall with 1" grip diameter
- Bar is 22" away from wall/ceiling
- 48" mounting centers
- **Black powder coat finish**
- **Hardware not included**

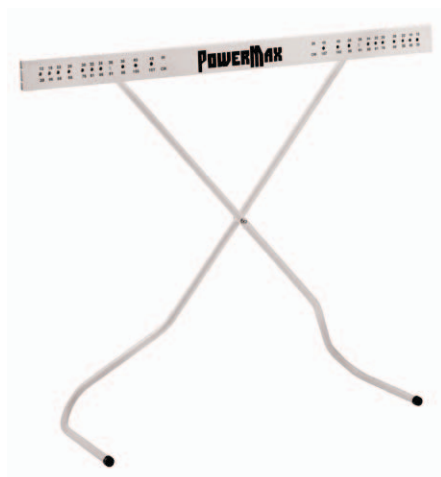

WE179 Wall-Mounted Chinning Bars **\$195**

MULTI-STATION WALL-MOUNTED CHINNING BARS

Great for mounting PowerMax TA1598 Fitness Rings or other popular suspension training systems! New three-piece version now ships via UPS for freight savings.

- 10' long chinning bar with three stations
- Mounts 16" away from the wall
- 1" solid steel diameter grip with a durable zinc plated finish
- Design allows for continuous chinning bar installations in 10' long increments with optional add-on section

00196010 10' Solid Steel Chinning Bar **\$589**
00196013 10' 3 Piece Steel Chinning Bar **\$589**

POWERMAX® VERSA-HURDLE

- Built-in safety feature causes the hurdles to collapse upon impact
- Adjustable from 12" to 42"
- 18 gauge tube steel with durable gate board
- Valuepack includes 5 Versa-Hurdles and one bag

100	Hurdle	\$44/ea
100PK	Hurdle Valuepack	\$237
101	Versa-Hurdle Bag	\$24

FOAM TRAINING HURDLE

- Ideal training hurdle made of forgiving foam
- Heavy enough to remain upright, yet light enough to be completely portable
- Durable vinyl covering allows for indoor and outdoor use
- Heights: 30", 33", 36", & 39"

409	Foam Training Hurdle	\$181
-----	----------------------	-------

NEW!

TRIPLE GATETUBE HURDLE

- Hurdle for training and competition
- Heights: 21", 24", 27", 30", 36", 39"
- NFHS legal
- Tough steel construction

404CXX	Triple Gatetube Hurdle	\$100
--------	------------------------	-------

STEP HURDLES

Improves knee lift and step quickness. Position hurdles for agility drills, running drills, or plyometric jumps. Use with forward and lateral drills. Constructed of durable lightweight PVC tubing. Easy to store and carry.

TA167	6" Hurdle	\$11/ea
TA1675	6" Hurdles (5)	\$51/set
TA166	12" Hurdle	\$12/ea
TA1665	12" Hurdles (5)	\$56/set

TA16624	24" Hurdle	\$23/ea
TA166245	24" Hurdles (5)	\$109/set

AGILITY ROCKER HURDLES

No more wasted time resetting the hurdles in between drills. The Agility Rocker Hurdles have a weighted base that allows them to rock back into the starting position.

TA1676	6" Hurdle	\$19/ea
TA1678	8" Hurdle	\$19/ea
TA16710	10" Hurdle	\$20/ea
TA16712	12" Hurdle	\$20/ea

VARIABLE HEIGHT STEP HURDLES

The 2-in-1 hurdle can quickly and easily be adjusted to 2 heights (8"-12") and folds flat for storage. Athletes at any level can perform lateral agility moves, forward moves for speed, or plyometrics jumps for power. Lightweight and portable.

TA1662	2-in-1 Hurdles	\$11/ea
TA16625	Set of 5 with Bag	\$61
TA16601	Mesh Carry Bag (Holds 5 Hurdles)	\$6.49

MAX BELT

The Max Belt allows movement through a circuit of training aids without the hassle of having to change belts.

- Features a 3" wide padded heavy-duty Cordura nylon
- Reinforced stitching
- Multiple nylon attachment loops
- Stainless steel hardware

TA1500	S-M (24" - 32" waist)	\$31
TA1501	L-XL (33" - 42" waist)	\$33
TA1503	XXL (43" - 52" waist)	\$34

BULLET BELT™ SYSTEM

- For resistance to improve starting and acceleration mechanics
- Hook & loop closure for easy release giving a contrast workout from resistance to free running
- Designed to be adjustable & comfortable

TA138	Bullet Belt System	\$109
TA1382	Extra Belt	\$51

POP BELT™

- The Bullet Belt "Pop" release is the basic design in the Bullet Belt series
- Used to train explosive sport-specific skills
- Regular use will increase an athlete's ability to apply force to the ground

TA1383	Pop Belt	\$65
--------	----------	------

BULLET BELT SPEED PULLEY

A revolutionary product for speed development and running efficiency, the Bullet Belt Speed Pulley is the superior over-speed training tool. This two-person over-speed trainer features a unique safety release if towed athlete cannot maintain pace. Comes with 30m of cord and a Bullet Belt universal web belt.

TA1381	Bullet Belt Speed Pulley	\$179
--------	--------------------------	-------

RESISTANCE TETHER

- Improve speed with resistance running
- Harness attaches to 10' long nylon web cord with handle
- Includes nylon cord and a 3" wide hook & loop closure belt adjustable to 42" waist, and carry bag

TA150	Resistance Tether	\$41
-------	-------------------	------

DUAL RESISTANCE TETHER

- One athlete runs while the other provides resistance
- Running positions can be alternated quickly for interval training
- Includes nylon strap attached to two 3" wide hook & loop closure belts adjustable to 42" waist, and carry bag

TA1521	Dual Resistance Tether	\$43
--------	------------------------	------

TIRE TETHER

- Can be used to drag tires of different sizes for varied workouts (larger tires work strength while smaller tires work speed)
- Vary the time and distance of pulling sets
- Includes nylon strap and hardware to attach tire, 3" wide hook & loop closure belt adjustable to 42" waist, and carry bag
- Tire not included

TA1384	Tire Tether	\$49
--------	-------------	------

SPRINT START SLED

The Sprint Start Sled is the first training device to allow the resistance of towing a sled while coming out of the blocks.

- Unique design provides for clearance over and around virtually all starting blocks
- Olympic style weight plates may be added to increase resistance. Includes sled, 11' leads, and 3" wide hook & loop closure belt adjustable up to 42" waist

TA1541 *Sprint Start Sled* **\$299**

POWERMAX® SLED

Provides lower body resistance that develops speed and strength for all athletes in all sports. Add the desired weight to determine resistance. Load up to 200 lb. 15" tall post fits 4 Olympic bumper plates. Includes sled, 11' leads, 3" wide hook & loop closure belt adjustable to 42" waist, and instructions. **Weights not included.**

TA154 *Sled w/Belt* **\$157**

TA156 *Sled and Shoulder Harness* **\$157**

TA15401 *Additional Waist Belt* **\$27**

TA15402 *Additional Pair of Leads* **\$31**

TA156H *Shoulder Harness and Leads* **\$34**

LOW DRAG SPEED SLED

- Ideal sled to add incremental resistance to your athletes
- Easy storage
- Weighs less than 7 lb each
- Includes waist belt, nylon leads, carabiners and sled

TA157 *Low Drag Speed Sled* **\$149**

POWERMAX® VARIABLE RESISTANCE CHUTE

The PowerMax VR Chute features a hook & loop closure baffle panel that can be opened or closed to achieve desired resistance. Open the baffle for reduced resistance or close to increase it. The chute is designed to trail behind the athlete at a parallel or a slightly downward angle of force to maximize resistance. Use two chutes to double the resistance.

TA163XLRB *L/XL* *Blue* **\$70**

TC-TIMER SYSTEM

The TC-Timer is a wireless timing device that enables athletes and coaches to measure time, speed, count repetitions, input test data and save it all in the TC-Timer memory.

- Sends radio transmissions up to 1,000 feet
- Accurate to the 100th of a second
- Equipped with 5 different radio frequencies allowing multiple systems to be used in the same area
- All components fit neatly into a small lumbar pack

E38720 *TC Timer System* **\$1899**

E38721 *Pair, Additional TC Gates* **\$799**

E38724 *Replacement Tripod* **\$79**

E38726 *Replacement Remote* **\$909**

E38710 *Speed-Trap1 Timing System* **\$789**

POWERMAX® PUSH/PULL SLED

The PowerMax Push/Pull Sled is our answer to your needs for versatility and adjustability in speed training.

- USA made 11 gauge steel frame sled
- Space-saving design that is less than 7" high when folded
- Replaceable/removable runners for use on a variety of surfaces
- Quick release pins for fast set-up and breakdown
- Adjustable width push posts (12-21" W x 32" H) and multiple push/pull options
- Sled weighs 45 lb (empty)
- Holds up to 300 lb, center post fits four 45 lb bumper plates

TA155CXX *Sled w/Belt + Harness*
24" W x 35" L x 35" H (w/post) **\$449**

POWERMAX® WEIGHT VEST

Unique design includes a stretchable neoprene strap system to accommodate your normal breathing pattern.

- Holds soft double stitched $\frac{1}{2}$ lb weights
- Purchase additional $\frac{1}{2}$ lb packs to fill short vest up to 20 lb or the long vest up to 40 lb
- Moveable shoulder straps 2 $\frac{3}{4}$ " wide with 5 $\frac{1}{2}$ " of adjustability
- Short vest fits up to a 40" chest/waist, 18" L x 16" W, long vest fits up to a 57" chest/waist, 23" L x 16" W

TA1226	Short 10 lb Vest	\$107
TA1227	Long 20 lb Vest	\$174
TA1228	10 weight packs (5 lb)	\$26
TA12281	20 weight packs (10 lb)	\$51
TA12282	40 weight packs (20 lb)	\$102

POWERMAX® DRILL MAT

- Press the squares in place to customize the PowerMax Drill Mat to your desired training needs
- Create a variety of simple or challenging patterns for the performance of agility drills
- Athletes may work forward, backward, side-to-side, and rotationally
- Nine 50cm squares included.

TA142 Powermax Drill Mat \$103

BASIC DOT DRILL MAT

- Economical alternative to TA142 drill mat
- Measures 3' x 4' x $\frac{3}{8}$ "
- 5 integrated rubber dots

TA1425 Basic Dot Drill Mat \$89

POWERMAX® WEB LADDER

- Fast way to improve speed, balance, and coordination with footwork drills
- Sewn nylon ladder is 16' L x 18" W
- Slats every 18"
- Includes storage bag and 4 ground stakes

TA1696 Powermax Web Ladder \$29

POWERMAX® AGILITY LADDERS

- An efficient way to perform footwork training for speed, balance, & coordination
- 15' ladder comes in two 7' 6" sections with 10 slats total
- 30' ladder comes in four 7' 6" sections
- Easily connect with other ladders
- 20" wide with 18" between slats, not adjustable
- Double ladder is 15' L x 40" W
- Includes 1 agility ladder & carry bag

TA1691 15' Agility Ladder \$48

TA1681 30' Agility Ladder \$80

HAND SPEED TRAINER

- Simplifies speed, power and stamina training
- Simple and efficient way to improve performance training
- Resistance train at full speed in meet situations as well as fundamental drill work
- Small, Medium/Large, and X-Large sizes

59676 Small \$100

59683 Medium/Large \$101

59690 X-Large \$102

DYNAMIC TRAINER

- Develop maximum strength and power for running
- Keeps resistance around the hips or torso
- 10' elastic tube is covered with nylon webbing, can stretch up to 30'

TA158 *Dynamic Trainer* **\$147**

DUAL SPEED TRAINER

This two-person assisted overspeed and resistance running kit is very effective for speed gains. The overspeed training provided to the rear athlete increases both stride length and frequency. ***Includes 20' latex tubing, two 3" wide hook & loop closure belts adjustable to 42" waist, and carry bag.***

TA164	20' Medium Tubing	\$156
TA165	20' Heavy Tubing	\$164

COACH BEEPER

- Digital electronic cadence beeper
- Helps a coach to work more exclusively with additional athletes
- Enhances athlete's ability to train more effectively
- Enables athletes to concentrate on several critical training techniques to enhance speed and strength

TA145 *Coach Beeper* **\$999**

ANKLE-FLEX STRAPS

Ankle-Flex Straps hold the sprinter's foot in the flexed position for improved ground strike efficiency and lower leg swing resistance. ***Sold in pairs.***

TA1485 *Ankle-Flex Strap*

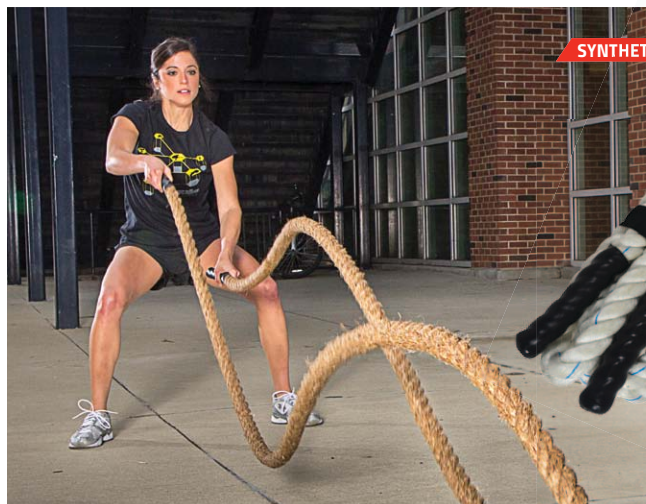

\$26/pr

POWERMAX® HIP FLEXOR

- Strengthen hip flexors and upper quadriceps
- Offers resistance to muscle groups during any training session and maintains athlete's pure running form
- Up to three ¾ lb weight bars attached to thigh belts
- Includes thigh belts, six ¾ lb weight bars, 3" wide hook & loop closure belt adjustable to 42" waist, and carry bag

TA1511 **\$88**

SYNTHETIC ROPE

POWERMAX CONDITIONING ROPES

Ropes help athletes with power generation, strength endurance, and increased cardio development.

- 1.5" or 2" Thicknesses
- Synthetic Fibers
- Bracket fits up to 2.125" rope, made of .125" flat steel and round bar, mounting hardware not included
- Finished handles prevent shedding and blistering

TA1606	1.5" Synthetic Rope – 30'	\$242
TA1607	1.5" Synthetic Rope – 40'	\$286
TA1608	1.5" Synthetic Rope – 50'	\$339
TA1617	2" Synthetic Rope – 30'	\$269
TA1613	Rope Wall Bracket	\$35

STEEL PLYOBXES

- Improve leg power, speed, and strength
- 1" square steel tubing
- Plywood top platform with 10mm rubber surface
- Anti-skid rubber on base corners prevents slipping and protects floors
- Tapered design allows for stacking and stability

TA3060	6" Plyobox	\$99
TA312	12" Plyobox	\$112
TA318	18" Plyobox	\$125

TA300	6pc. Plyobox Set (12", 18", 24", 30", 36" & 42")	\$839

SOFT PLYOBXES

These soft plyoboxes are designed to be less intimidating than steel boxes for the developing athlete.

- Standard 28" x 28" blocks
- 3" block is built with 2.2# density polyethylene foam, other sizes with 1.8# which provides stability, shock attenuation, and performance
- Secured for stacking with industrial strength Velcro®
- Durable vinyl cover with two reinforced handles for portability
- Each box weighs less than 28 lb

TA203	3" Soft Plyobox	\$107
TA206	6" Soft Plyobox	\$146

POWER PAD

- A truly innovative training tool
- Sprint, jump, hop, and rehab all within the confines of the low-impact, energy absorbing power pad
- Magnifies the intensity of any upright drill or exercise
- Unique training concept was born out of the training of many world-class track and field athletes
- Great for rehab & conditioning work outs

TA194 **\$749**

LAUNCH PAD

- Allows for more jumps per session
- Same quality jumps from a shorter run
- Steel construction with welded support braces
- Synthetic track material on jump surface
- Track spikes can be installed to ensure no slipping if needed

TA1921 **\$679**

ARCHED JUMP BOX

- Convex jumping box made of lightweight steel that is easy to carry to and from practices
- Covered in synthetic track material to simulate the same feelings as your track and runways
- 8" high in the middle by 30" wide and 47" long

TA193 **\$599**

FLAT JUMP PLATFORM

- Designed by one of the premier college and professional coaches of all time
- Platform designed for all phases of jump training as well as all athlete's plyometric training
- Made of lightweight aluminum and covered with synthetic track material
- Easy to transport between practices
- Track spikes can be installed to ensure no slipping if needed
- Platform is 5" x 34" x 19"

TA198 **\$399**

POWERMAX® ELECTRONIC VERTICAL JUMP TESTER

The Electronic Vertical Jump Tester is the state of the art way to measure an athlete's vertical jumps.

- Measures from 7' to 12' in ½" increments
- Light up dots on the height scale and digital display immediately show the exact jump height
- Data is downloadable to any computer
- Height decal offers quick "zero" marking
- Standing height measuring strip helps establish base height of reach prior to jump

TA199CXX \$3399

VERTEC MEASURING DEVICE

- An effective, easy-to-use jump training tool
- Measures from 6-12'
- Height scale and color coded vanes offer half-inch measurement for immediate feedback
- Handy, attachable rod to align or reset vanes

TA195 \$749

STANDING LONG JUMP TEST MAT

- Non slip mat provides a soft landing surface that makes marking the distance of the jump easy
- Both English and Metric units
- Heavy enough to prevent any sliding, rolls up for easy storage
- Measures jumps to 10' 5"

TA197 \$519

POWERMAX® STRENGTH BANDS

- Resistance determined by thickness & width
- 41" long, seamless latex rubber
- Layered construction helps prevent breakage
- Sold individually

TA17110	XX-Light 35 lb Resistance (.5"), Red	\$9.79
TA17160	X-Light 50 lb Resistance (.75"), Orange	\$16
TA17170	Light 65 lb Resistance (1"), Violet	\$19
TA17120	Medium 80 lb Resistance (1.5"), Blue	\$29
TA17130	Heavy 150 lb Resistance (2"), Green	\$41
TA17140	X-Heavy 175 lb Resistance (3"), Black	\$57
TA17150	Super 200 lb Resistance (4"), Yellow	\$71

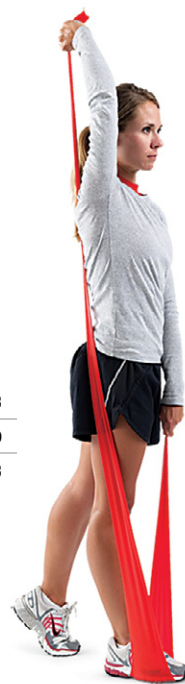

POWERMAX® FITNESS BANDS

- Effective for rehab, fitness, flexibility, and training
- Boxed rolls can be cut to length
- 6" wide cut bands

TA1726	5 yd Roll, Light	\$13
TA1727	5 yd Roll, Medium	\$19
TA1728	5 yd Roll, Heavy	\$23

SIDE STEPPER

- For developing lateral speed, strength, coordination, and balance
- Isolates hip and groin muscles
- Side stepper has 9" tubing, advanced 7"

TA1483	Side Stepper	\$20
TA1484	Advanced Stepper	\$22

POWERMAX® MINI BANDS

- Great tool for warm-ups, hip muscles, & small intrinsic muscles on the legs and upper extremities when used on the wrists
- 2" W x 13" L

TA1741L	10 Light Bands (Red)	\$27
TA1741M	10 Medium Bands (Gray)	\$36
TA1741H	10 Heavy Bands (Black)	\$40

POWERMAX® STABILITY BALLS

- Excellent for balance, abdominal work, and stretching
- Fabricated from durable vinyl, supports 500 lb
- Available in 3 sizes, ball size used according to athlete's height
- Ships Deflated

TA1805	55 cm Ball (5' - 5' 8")	\$25
TA1806	65 cm Ball (5' 8"-6' 2")	\$28
TA1807	75 cm Ball (6' 2"+)	\$32

POWERMAX® PROFESSIONAL TUBING

- Versatile devices for a variety of strength and fitness exercises
- Adjustable from 4' (maximum) down to desired length
- Color coded for resistance identification

TA1735	Extra Light Tubing, Light Blue	\$8.89
TA1736	Light Tubing, Magenta	\$9.89
TA1737	Medium Tubing, Orange	\$11
TA1738	Heavy Tubing, Red	\$11
TA1739	Extra Heavy Tubing, Yellow	\$16

AGILITY POLES

- 5' tall poles force athletes to maintain posture
- Includes 4 bases and 4 poles
- Add sand or water to base for additional stability

TA1850 Agility Poles **\$87**

AGILITY DOTS

- An ideal tool for use on hard surfaces to create patterns for challenging footwork and body awareness
- Dots are easy to store and transport
- Easy to see bright colors
- Set of 6

TA1694 Agility Dots **\$24**

STRETCHRITE™

- Easy to use
- Hand grips allow user to increase tension felt in the stretch by changing hand grip position
- Change stretches by rotating the foot

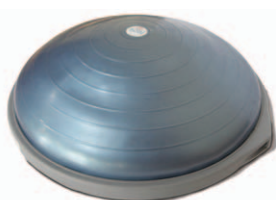

TA1780 Stretchrite™ **\$31**

STRETCH OUT STRAP

- Anyone can use
- Change stretches by rotating the foot

TA1781 Stretch Out Strap **\$5.89**

BOSU® BALANCE TRAINER

- Balance, core-stability and proprioception training
- Fitness / health professional version
- Includes program manual, training video, & free pump

TA1790 **\$199**

36" POWERMAX® FOAM ROLLER

Roll across the target area to relieve muscle soreness or tightness. Constructed of high density foam.

TA3620 6" D X 36" L **\$41**

18" POWERMAX® 2-IN-1 FOAM ROLLER

Roller consists of a solid high density inner core roller and an outer texture snap-on sleeve. Use together or separate them and create two useful products!

TA1826 6" D X 18" L **\$44**

THE STICK

An excellent tool for injury prevention and rehabilitation. Used by many professional athletic teams. Gently and effectively reduces muscle tightness.

TA1830 24" Stick **\$49**

TA1831 18" Stick **\$39**

SPEED ROPES

SPEED ROPES

- Stainless steel cable encased in plastic for maximum speed
- Ball bearing in handles for quick turnover
- Fixed length
- Includes carry bag for easy storage
- Padded handles for comfort

TA128 9' Speed Rope **\$15**

TA1281 10' Speed Rope **\$17**

BEGINNER SPEED ROPES

- These PVC ropes feature lightweight plastic handles and high-spin swivels
- Great product to introduce a double-under jump or rhythmic rope skipping
- Color coded by length for easy selection

SPORTS CONSTRUCTION

ALUMINUM VAULT BOX

- Welded aluminum construction
- Reinforced backstop for prolonged life
- Once installed you will never have to remove it
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

502  \$489

ALUMINUM VAULT BOX LID

- Compatible with all Gill vault boxes
- Reinforced with two ½" angled vertical supports to prevent sagging
- 50201: Recessed design for ½" (12mm) track surface
- 50202: Flush design with no added track surface

50201	Lid-Recessed Mount	\$429
50202	Lid-Flush Mount	\$459

STEEL VAULT BOX

- Twelve gauge steel with fold and weld construction
- Flanged edges and flared sides for secure installation
- Finished with durable white powder coat
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

500  \$359

UNIVERSAL VAULT BOX LID

- Compatible with all Gill vault boxes
- Constructed of 11 gauge hot rolled steel
- Features anti-slip designed surface
- Finished with durable white powder coat

503 \$309

STAINLESS STEEL VAULT BOX AND LID

- Box: Stainless steel alloy fold and weld construction for corrosion resistance
- Lid: 12 gauge 304 stainless steel plate with 2 angled vertical supports to prevent sag
- Lid: Recessed design for ½" (12mm) track surface
- Lid intended for use with stainless steel vault box for best corrosion resistance
- *Meets NFHS and NCAA specifications*

504	Vault Box	\$759
50401	Vault Box Lid	\$549

CAST ALUMINUM VAULT BOX

- 100% cast aluminum construction with a wall thickness of ⅜"
- Standard durable white powder coat finish; Orange powder coat option available
- Inside corners rounded for unhindered pole rotation
- Guaranteed against cracking or warping
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

505	White 	\$799
505C05	Orange 	\$869

SOFTER IS SAFER

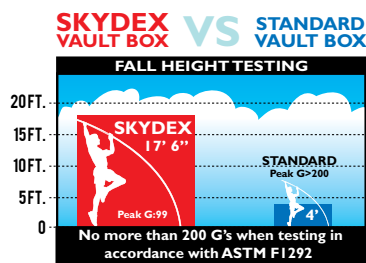

SKYDEX™ SOFT VAULT BOX

VAULT BOXES

PATENTED SKYDEX
MATERIAL

SKYDEX™ SOFT VAULT BOX

- Exclusive Skydex designed vault box represents quantum leap forward in pole vault safety
- Patented Skydex material greatly increases safety with no effect on vaulter experience
- Enhanced safety with integrated Skydex Smarter Cushioning technology in design of vault box
- Tests show fall of 17' 6" into Skydex box would equal 4' fall in standard vault box
- Redesigned for easier installation
- *Meets NFHS, NCAA and IAAF specifications, IAAF certified*

507	Vault Box	\$2999
50701	Vault Box Lid - Flush	\$649

SAFETYMAX™ VAULT BOX

- Tray is made of 12 gauge steel with box bottom utilizing Skydex Smarter Cushioning technology
- Thermoformed white HMWPE 1/8" sheet on top of Skydex material
- Enhances safety of pole vault event with no effect on vaulter experience
- When combined with 719 SafetyMax+ Vault Box Collar (page 6) creates the safest vault facility
- *Meets NFHS, NCAA and IAAF specifications*

50810	SafetyMax Vault Box	\$1369

GET READY FOR TAKE-OFF *WITH* QUALITY GILL BOARDS

4350

ADJUSTABLE TAKE-OFF BOARD SYSTEMS

With the Gill Adjustable Take-Off Board Systems you get ease of installation, ease of use and dependable peak performance.

Gill Take-Off Board systems are the easiest and fastest boards to install in the market. **Complete system** comes with installation tray, adjustable folded aluminum base, reversible long lasting take-off board and foul board, and functional blanking lid ready to accept track surfacing.

- 8" take-off board and 4" foul board creates 12" system
- Exclusive easy-adjust leveling system for both horizontal and vertical axis
- Leveling bolts accessible with removal of foul board
- Synthetic options available for longer lifespan
- Synthetic material made of high durable plastic lumber resistant to warping and splintering
- *Meets NFHS, NCAA and IAAF specifications*
- **43501 IAAF certified**

SAVE MONEY WITH FUNCTIONAL-FORM SAND PIT & CATCHER SYSTEMS

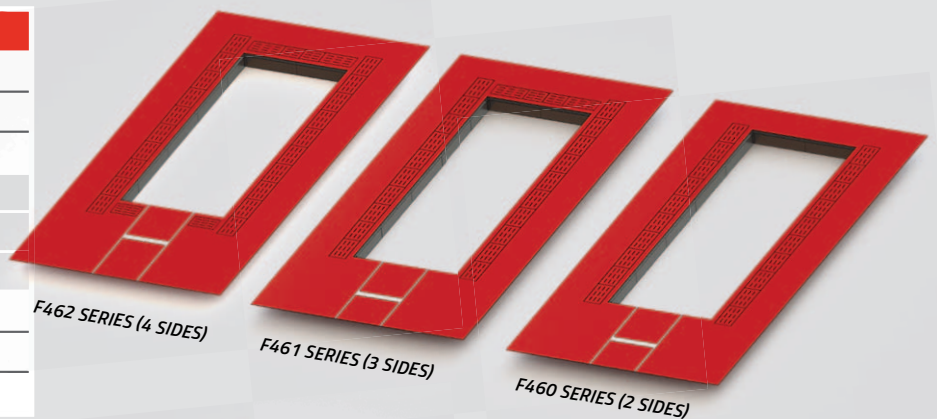

Sand pit forms hold more than just sand, they hold value. With four different options of Sand Catcher locations and two practical Sand Catcher Cover options, you can design the horizontal jump facility that will perfectly meet your needs.

Choose from one of four sand catcher locations: no sides, two sides, two sides and back, or all four sides. Choosing Sand Catchers on the sides will cut unnecessary costs and eliminate potential trip hazards, providing more than ample storage space for overflow sand.

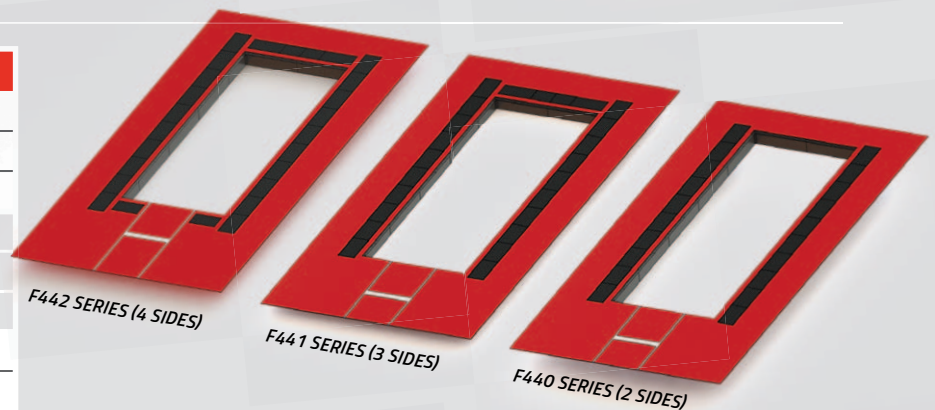

Choose from one of two Sand Catcher Cover systems: traditional grate and mat or Gill (exclusive) Recessed Lid. When you consider the main function of a Sand Catcher system is not to catch sand but to store it, the Recessed Lid system is rapidly becoming the choice of facilities worldwide, as it is designed to receive track surfacing to match your track facility. When coupled with the 730148 Aluminum Sand Pit Cover, a complete logical design emerges for your world class jumps facility.

No matter which combination you choose; with the Gill Functional-Form, you can rest assured that you have chosen the finest product (with the easiest installation) available.

TRADITIONAL GRATE & MAT SAND CATCHER COVER SYSTEM

- Combination of 1" x 1/8" galvanized steel bar grating and perforated rubber overlay
- Creates strong combination for stamping off sand yet light enough for easy handling
- Standard unit measures 18" x 36" x 1 5/8" and requires a ledge around perimeter to rest on
- For perfect fit, installer may make one or more field cuts
- Sold per 18" x 36" sections only

730149	Mesh 11' 9" x 25' 6"	\$165/section
--------	----------------------	---------------

RECESSED SAND CATCHER COVER SYSTEM

- Recessed cover design for 1/2" (12mm) track surface
- Constructed of 1/8" aluminum sheet metal
- Standard unit measures 18" x 36" and requires a ledge around perimeter to rest on
- Special lengths available between 18" and 35" long

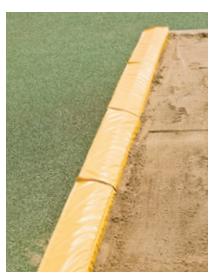

73015036	Mesh 11' 9" x 25' 6"	\$159/section
----------	----------------------	---------------

LJ/TJ ALUMINUM SAND PIT COVER

- Each panel made from 9.5" x 1.75" x .125" aluminum planking framed with 2 3/8" x 1 1/2" x 3/16" aluminum angle
- Panels have four flush mount handles
- Recessed design for 1/2" (12mm) track surface

730148	\$34/sq ft
--------	------------

PERIMETER PADDING SYSTEM

- Greatly reduce possibility of injury caused by impact with sand pit edging
- Modular pads install on any sand pit quickly and conveniently
- Critical location of pads is along sides of sand pit
- Each pad is 36" long

730	\$82

FUNCTIONAL-FORM STEEPLECHASE WATER JUMP SYSTEMS

Gill Athletics has greatly simplified the installation of steeplechase water jump reservoirs with these Functional-Form systems. With the Functional-Form, installation precision is ensured to meet NFHS, NCAA and IAAF specifications. Structure is fabricated of specially folded $\frac{1}{8}$ " aluminum to maximize strength and includes designed inner wall supports that allow the concrete to flow through and set evenly.

- F500: Compatible with 740144 water jump barrier
- F510: Compatible with 740134 water jump barrier
- Both models compatible with 730146 aluminum water jump cover
- Both models come standard with valve option: installed front wall valve to be connected with an outgoing pipe to the drain source
- *Meets NFHS, NCAA and IAAF specifications*

- Compatible with toeboards 359, 364
- **Meets NFHS specifications**

373	Powder Coated Steel Shot Circle	\$239
------------	---------------------------------	--------------

HAMMER CONVERSION CIRCLE

- Converts a discus ring into a hammer ring
- Four piece: blue PVC material
- Six piece: white recycled plastic with interlocking sections
- **Meets NFHS, NCAA and IAAF specifications, IAAF certified**

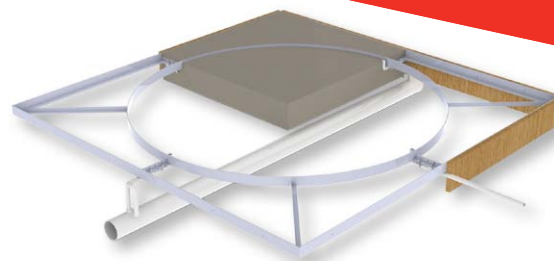

362	4 Piece System		\$929
3621	6 Piece System		\$799

ALUMINUM CIRCLES WITH CROSS BRACING

- Two sections of $\frac{1}{4}$ " x 3" extruded aluminum with welded bracing
- Bolt together to maintain form during in-ground installation
- Hardware included
- Compatible with toeboards 358, 363
- Meets NFHS, NCAA and IAAF specifications, IAAF certified

366	Shot/Hammer Circle		\$629
366C04	Shot/Hammer Circle; white		\$679
367	Discus Circle		\$639
367C04	Discus Circle; white		\$689

ALUMINUM CIRCLE FORMS

- Four sections of 2" x 3" aluminum angle
- Bolt together form for in-ground installation
- Aluminum exterior bracing creates a strong frame
- Center open for smooth concrete pour and crack-resistant finish
- Inner circle is $\frac{1}{4}$ " x 3" flat aluminum bar
- Compatible with toeboards 358, 363
- Meets NFHS, NCAA and IAAF specifications

3741	Shot/Hammer Circle Form	\$2249
3751	Discus Circle Form	\$2669

SYNTHETIC SHOT TOEBOARD FOR DEPRESSED PAD

- Molded low density polyethylene designed for $\frac{3}{4}$ " depressed surface
- Compatible with circles 366, 369, 374, 3741
- Meets NFHS, NCAA and IAAF specifications

358 \$319

SYNTHETIC SHOT TOEBOARD FOR LEVEL PAD

- Molded low density polyethylene designed for surface mount shot circles
- Compatible with circles 372, 373
- Meets NFHS specifications

359 \$319

ALUMINUM SHOT TOEBOARD FOR DEPRESSED PAD

- Cast aluminum designed for a $\frac{3}{4}$ " depressed surface
- Compatible with circles 366, 369, 374, 3741
- Meets NFHS, NCAA and IAAF specifications, IAAF certified

363 \$499

ALUMINUM SHOT TOEBOARD FOR LEVEL PAD

- Cast aluminum designed for surface mount shot circles
- Compatible with circles 372, 373
- Meets NFHS specifications

364 \$499

SYNTHETIC PLUGS

- Keeps debris and standing water out of throwing circles
- Constructed of $\frac{3}{4}$ " thick rubber and made to fit snug inside depressed circles
- Plugs come in sections for easier handling

37001	Shot Circle Plug	\$419
37002	Discus Circle Plug	\$709

INDOOR SHOT/WEIGHT THROW CIRCLE

- Constructed of $\frac{3}{4}$ " plywood with steel hinges and handles
- Foldaway handles for easy handling and storage
- Laminated weather proofed marine plywood toeboard (sold separately)
- Optional three piece $\frac{3}{4}$ " 7-ply birch plywood throwing surface (sold separately, not shown)
- Meets NFHS, NCAA and IAAF specifications

368	Indoor Shot/Weight Throw Circle	\$969
3680	Wood Shot Toeboard for Indoor Circle	\$459
3681	Shot Throwing Surface	\$369

WHY BUY GILL HAMMER CAGES?

SAFETY, CONVENIENCE, & LONGEVITY!

Gill hammer cages have three exclusive features that increase safety and decrease liability. These features combined with an industry best five year cage warranty from Gill Athletics keeps your facility at the top of the class. Doesn't your facility deserve the best?

WIRED FRONT DOOR DESIGN

With a wired front door design your cage will look new for years to come. No more bent front pole from errant throws, and decrease the likelihood of bounce backs from implements.

DOOR HINGE LOCK BOLT

Suggested from the top track designer in America, this unique feature keeps your front doors from tweaking and misaligning from the door hatch location.

REAR DOOR ACCESS

Keep your athletes away from the danger zone of the front cage while increasing the speed of repetitions.

GILL 5 YEAR LIMITED WARRANTY

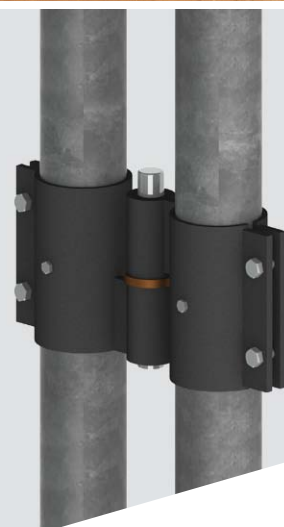

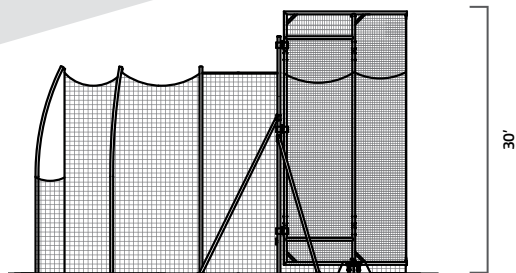

On all Cages. Call for Details.

CUSTOM COLOR OPTIONS AVAILABLE

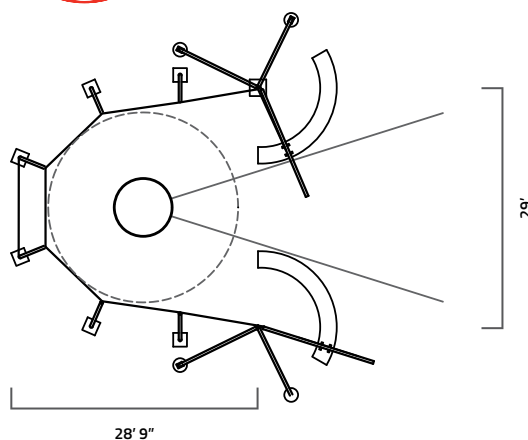

Transform your cages with custom powder coat options. See page 84 for details.

VERSACOM BOXES

CONNECTING IT ALL TOGETHER

The VersaCom Box provides a junction for electricity and cable hookups. This box can be put in virtually any location around performance areas of varying surfaces. The open bottom of the VersaCom Box provides adequate drainage and conduit entry, while the hand holes in the cover allow easy access.

- Divider plates in full size version, provided to help keep electrical equipment segregated
- Main box structure is made of 1/4" thick folded aluminum
- Lid is constructed of 1/8" aluminum, reinforced by angle for maximum support and durability

The VersaCom Box - Synthetic Version allows material to be bonded or poured onto the top of the lid to match the surrounding surface. The F91033 and F93033 versions have black Vultrak bonded to the lid. This addition is usually for asphalt applications (this material can also be painted).

The VersaCom Box - Turf Version has a marine plywood top to allow artificial turf to be bound on the job site. This top is reinforced with aluminum for maximum strength and durability. The F90033 and F92033 versions have factory installed turf for continuity on natural grass facilities.

The VersaCom Box - Flush Mount Version is designed to sit flush to the surface without adding any surface material to the box lid.

VERSACOM BOXES		FULL SIZE (30" L x 18" W x 14" D)		HALF SIZE (15" L x 18" W x 14" D)	
SYNTHETIC VERSIONS	<i>Synthetic</i>	F910	\$969	F930	\$669
	<i>Black Vultrak (factory installed)</i>	F91033	\$1149	F93033	\$789
TURF VERSIONS	<i>Turf (not included)</i>	F900	\$819	F920	\$699
	<i>Turf (factory installed)</i>	F90033	\$989	F92033	\$759
FLUSH MOUNT	<i>Flush Mount</i>	F940	\$839	F945	\$619

VERSACOM RISER

The VersaCom Riser has the same dimensions as a full-size VersaCom Box. The riser attaches to the bottom creating a box that is twice as deep.

F90010 VersaCom Riser **\$499**
